

CALLING ALL HOME SCHOOL STUDENTS TO **TONGARIRO NATIONAL PARK**

2 WEEK DISCOVERY CHALLENGE

Designed for home school students aged 14-18 years

Join us for a two-week experience of a life time at Hillary Outdoors Tongariro.

Face new challenges, develop new skills, build long lasting friendships and discover new passions through this programme designed specifically for students who are home schooled.

Our experienced team at Hillary Outdoors combine to provide this residential wilderness experience that you'll never forget! Our limited access to technology with unsurpassable access to the environment creates the ideal backdrop for a programme full of learning and discovery.

Cost and travel

See our website for price details. The cost includes all meals, accommodation, activities, instruction and technical equipment.

Places are limited and applications are on a 'first in first served basis', so don't delay, register today!

2 WEEK EXPERIENCE OF A LIFE TIME!

How the programme works

Participants take part in teams of up to 10 participants, each accompanied by an experienced instructor.

Accommodation is at the Hillary Outdoors Education Centre, Tongariro, in rooms of 4-15 students. The site is supported by communal kitchens, classroom/lounge spaces. Every participant contributes to camp life through daily duties which include dishes duty and house cleaning.

Some nights are spent away from the Centre on expedition; either camping or utilising a DOC hut.

Programme features

- ✓ Outdoor Activity Days: participants decide on the day's activity alongside their instructor. Activities may include; mountain alpine exploration, kayaking/canoeing on the lakes, rock climbing, abseiling, high ropes, tramping, bush bashing, and many more...
- ✓ Expedition Days: Explore more hidden areas of the central north island on land or by water. The programme includes two expeditions - a two-day expedition in the first week, and a three-day expedition in the second week as the finale!

"The instructors and the course provided by Hillary Outdoors were superb. The activities were well planned to assist student's learning in teamwork, communication and leadership.

The outdoor challenges managed risks well while extending students to achieve more than they thought they were capable of achieving. Student's gained confidence in their abilities as they experienced success. The instructors took every opportunity to teach the students about safety, and respect for the environment as well as foster a love for our country."
